View important links for a video demo of various new technology systems as per global standards, implemented in association with leading vendor partners.

**NOVEC 1230 BASED SUPPRESSION SYSTEM TECHNOLOGY** <https://www.youtube.com/watch?v=M26McZqnhsY>

3M™ Novec™ 1230 Fire Protection Fluid is a clean agent fire suppression solution from 3M. Novec 1230 offers an environmentally sustainable alternative to fluorinated chemical suppression agents which does not compromise on performance or asset protection. Novec 1230 offers rapid fire suppression whilst alleviating installation and safety concerns which could be present in alternative inert gas solutions.

**SINORIX 1230 SYSTEM** <https://www.youtube.com/watch?v=tG8eUJz6DJg>

Sinorix - The Intelligent Fire Suppression Solution from SIEMENS. Protect your valuable assets from fire. Sprinkler systems require high heat to activate, and once activate, can cause more damage. Sinorix suppresses fires by cooling them and without leaving a residue. Also, you can gain a point toward LEED Certification.
